Everywhere I go and everyone I talk to seems to carry expectation for revival. The prophets of God are proclaiming a Great Awakening is about to take place. I believe we are entering into the Isaiah 60 season. The first 3 verses tell of this season.

*“Arise, shine, for your light has come,
And the glory of the Lord has risen upon you.
For behold, darkness will cover the earth,
And deep darkness the peoples;
But the Lord will rise upon you,
And His glory will appear upon you.
And nations will come to your light,
And kings to the brightness of your rising.”*

*Cal Pierce, Director
Healing Rooms*

This scripture tells us, when deep darkness covers the people of the earth, as we see today, then the Lord will rise upon us and His glory will appear as brightness of light. Nations and kings will come to our light. This sounds like revival to me.

The Body of Christ is expecting, or pregnant, with revival. The problem is that we are looking for delivery but have been stuck in the waiting room. The Great Physician is not in the waiting room. He is in the delivery room. It is time for us to move out of the waiting room into the delivery room so that we can birth revival. We don't have to wait for revival, but we must position ourselves so that it can happen.

This great awakening will fulfill the prophecy of Malachi, chapter 4 where the hearts of the fathers will be restored to their children and the hearts of the children to their fathers. It will be fathered in order to restore broken families. It will carry a plum-line of truth that will establish kingdom order back into the church.

(Continued, Page 2)

(Continued from page 1) People who carry an orphan spirit will be fathered into a spirit of adoption to become sons and daughters of the king. Healing Rooms will become revival centers that will not just be known for healing, but for houses of refuge that people will run to for deliverance and destiny. As the love of our Heavenly Father flows into the hearts of His people, there will be an unrestricted flow of the Holy Spirit that will fully anoint believers in the fullness of Him who fills all in all, (Ephesians 1:23). Signs, wonders, and miracles will then flow through these vessels and begin to break barrenness off the church. This outpouring of the Holy Spirit will empower and accelerate everything we do to establish the kingdom of God on the earth.

We honor two of our own who loved and served our Lord Jesus, we pay tribute to our IAHK National Director in Germany and a former State Director for Arizona. Our hearts are saddened by our earthly loss, yet we rejoice in the victory of Wilfried and Violet's overcoming the sting of death by the Cross and precious Blood of Jesus. They now reside forever in the presence of their King.

Heaven welcomed home a very great man on June 12, 2015. Dr. med. Wilfried Schurenberg; Germany's National Director was called home. He was surrounded by his family and dearest friends. His wife, Anne is thankful as to how Jesus took him in a miraculous way from Earth to Heaven. He will be missed greatly by all who knew and loved him. While the Peace of God rules in her heart and mind, we would ask for your continued prayers of comfort, peace and love to surround Anne, the family and all who loved him.

If you would like to send Anne a note, the Healing Rooms email address is: kontakt@healingrooms-augsburg.de

Surrounded by her family, Violet Matuszak went home to be with her Lord on June 22, 2015. Steve said, "Before she left us, she opened her eyes and looked at each of us, while our daughter sang 'Jesus loves you ...' It is a precious memory to carry in our hearts."

She, too, will be greatly missed by all who knew and loved her. Please pray for Steve, their family and all who loved Violet.

Canadian Healing Rooms

Touching Many Lives

Greetings from the Canadian National Headquarters in Arthur, Ontario. Our village is deemed “Canada’s Most Patriotic Village” and God is using this small village as a beacon for His light!

The Healing Rooms Ministry in Canada is growing in leaps and bounds! Canadians are being called by name to join this powerful ministry that is impacting and changing communities by releasing the unconditional love of the Father through the demonstration of the gospel of Jesus Christ through the Holy Spirit.

Testimonies from across the nation include hearing restored, limbs growing out, emotional healing, relationship/marriages restored and suicides prevented!

Canada currently has 49 Healing Rooms, 5 of which opened in 2014. We witnessed the birth of these Healing Rooms in the provinces of Ontario and Alberta.

This year, 2015, new directors and their team members have already and will be receiving training in Halifax (Province of Nova Scotia), Port Hardy and Vancouver (Province of British Columbia) and Manitoulin Island (Province of Ontario).

To better serve Team Canada (which we affectionately call the Canadian Healing Rooms) and to encourage unity, our Headquarters have implemented provincial conventions. These conventions are for existing healing rooms volunteers and are not open to the general public, unlike trainings. The conventions focus on hearing from the individual Healing Rooms, their triumphs and challenges, so we can all learn and glean wisdom from each other. This year Provincial Directors will be released to oversee their

perspective provinces. These leaders are necessary to maintain a personal connection with each Healing Room, given the massive size of our land.

We are witnessing a new movement sweeping across Canada in the form of Healing Centres. Although the majority of Healing Rooms function within an existing church, most new Healing Rooms are being called into store front retail spaces. God is taking this powerful ministry into the market place!

Keeping in step with Canadian insurance guidelines, the Canadian Headquarters creates “clinical protocol.” These are continually developing guidelines that we encourage the Healing Rooms to follow such as how to minister to minors, to the homeless and to women, if you are an all male team. As we see more and more Healing Rooms moving out of a church location and into storefronts, it is necessary to help the team protect themselves and those for whom they pray.

The Canadian Headquarters will be hosting the 3rd Annual Canadian Healing Conference in July 2015. These conferences attract 300-500 participants from all across Canada. Every year, Holy Spirit has given us a specific topic. In 2013, we were to honour spiritual mothers and fathers. In 2014, Holy Spirit gave instruction to honour the First Peoples (Aboriginals) and in **July 2015 we will be “Navigating the Harvest Fields.”**

God is opening up many new harvest fields in Canada. We believe the Healing Rooms are integral to helping His army navigate the fields. This past year the Canadian Healing Rooms have been invited onto the Native Reserves to give trainings. The First Peoples are excited about Healing Centres and the Healing Rooms Ministry.

Our headquarters will also be **opening a short term residence called Beauty for Ashes Transformation House (B.A.T.H.) for women coming out of human sex trafficking and the sex trade.** The healing program being offered to the women includes the Healing Rooms and other outreach ministries we offer. The purpose is to release the Father’s love and to instill into the women their identity in God, as daughters and not orphans.

We were also invited to meet with Political Members of Parliament in Ottawa, Ontario, our Nation’s Capital to discuss the Healing Rooms and Healing Centres as they pertain to the First Nations and human trafficking survivors.

At our Headquarters, we function as an Apostolic Healing Centre. Our leadership team meets once a week for several hours to pray, intercede and seek God before making any major decisions. Our centre also offers various free outreach programs such as Intensive Care (a 1 hour prayer session),

Canadian Women of Destiny, Young Canadian Women of Destiny (ages 12 and up), Mobile Ministry (taking the Healing Rooms onto the streets, into schools, businesses, senior residences and homes), Bible Study, King’s Café & Christian Bookstore, B.A.T.H., and Cinderella’s Boutique, a thrift store to help fund B.A.T.H. and bring awareness to the community about human sex trafficking.

The apostolic foundation of all our programs are strengthened and fostered through the Healing Rooms. **The Healing Rooms is a foundational ministry because it builds unity in the team, encourages spiritual mothering and fathering, discipleship, and teaches how to move in the gifts of the spirit.**

To maintain team unity, our volunteers must attend the Healing Rooms training and minister in the rooms a minimum number of times before they are released into other areas of the Healing Centre. On a continuing basis our volunteers must minister a minimum of twice a month in the Rooms. We are extremely grateful for our 40 plus volunteers who generously give of their time and their hearts to doing God’s work.

On a national level, the Healing Rooms Ministry is being used by God to unify and mobilize His army; battalions are springing up all across Canada!

Transformation Land Team, Spokane

It has been over five years since Tom and I started leading the Transformation Land Team for the Healing Rooms and today, looking back, we realize there have been many positive changes since we have started. We attribute this to the Father's heart for our city as we have partnered with Him and the wonderful prayer team of faithful and gifted people who show up ready and expectant every time we meet, many of whom have interceded for years for our city. We are also very aware of the many individuals, churches, ministries and service organizations who have been contending for our city and helping the needy for years, who have "gone before us" in preparation to what we are doing today.

All share a part in the fruit we are now seeing, and we want to make sure that is clear, our testimony is only in part ours. It belongs to many others, but if they haven't visited some of these places or kept track of the local news they may not have noticed the changes. Some of the changes are obvious but some need to be spiritually discerned. When we pray for a person we can ask them how they feel or for a number to describe their pain level, but it doesn't work that way with the land or the city. **God does reveal healing and changes in the land if we are paying attention!** Before I share some of our testimonies with you, let me share our 'why'.

We really do love the land and we love the place we live, but that isn't really our main reason for what we do. When we pray in our authority, forgiving those who sinned and cleansing and healing the land with the blood of Jesus, the land is no longer defiled. We then release words of life and destiny prophetically over the city or place where we are praying. **It is really this simple.** As we do this it removes the enemy's rights and access to occupy these places. It instead makes more room for the Presence of God and an atmosphere of Heaven

to reside. So our main reason to do what we do is to make room for more of God's presence in our city so that His goodness, glory and love will touch the people who live here and pass through here. It is so those people will be blessed and transformed.

We have seen things change and one of the things that is apparent to those of us on the team is that God's presence rejuvenates. Our Father really does want things to be better. That may seem like a no-brainer, but from some of the prophetic words we hear it seems important to mention.

Sharon Murphy

In downtown Spokane there are many areas where we have prayed that were dark and defiled at first. It sometimes feels like we are peeling an onion as we go back to some of the same places and Holy Spirit reveals more of our Father's will for a place and then shows what is hindering that will so that we can pray in agreement with Him.

The good news is that it's working and here is a sampling of just a few of the places we have been and some of the changes related to them: Right now in the midst of what many are calling a recession there is growth and life in many parts of Spokane. Especially noticeable to us is that in some of our poorer and high crime neighborhoods where we have prayed the landscape is changing and there is even a new voice coming out of those neighborhoods saying that change is there for good! One of those neighborhoods used to be 'scary' to walk through in the daytime, but now young families are moving in and it is becoming safer and peaceable. On a recent walk through there it

really did feel like a different place! Our local power company recently donated some land and created a park in the heart of our city right next to the waterfalls. It's beautiful, but that wasn't always the case. It was also one of the places we had been to more than once so imagine our joy when we saw this new park!

The downtown (main) Masonic Temple, and three others that we know of, have closed down in the past four years. Most had been operating for a very long time. Last fall, teams that we trained from the Healing Rooms School of Transformation went to some of our public schools. By going on Saturday no one was disturbed by their presence. One high school in particular, Rogers, was highlighted to us. It is located in the poorest zip code in the state and had the lowest graduation rate. It was designated a "Failing High School" and *The Seattle Times* had called it a "dropout factory." It is spring in Spokane now and it is being reported on the news and in the local paper that there has been a complete turnaround at Rogers. As a matter of fact, the title of one recent newspaper article is "The Rogers Revival!" The graduation rates and school attendance are currently one of the best in our area. Rogers is now an example for other schools and it's reported that the changes in the school are affecting not only the students, but their families and the local community, too. **There are still changes that need to come but what an encouraging and hopeful start!**

One of the places we have prayed a lot is at the IAHR Headquarters itself and the surrounding neighborhood, the South University District. **The Headquarters has experienced a lot of changes** and recently our city council has decided to revitalize the South University District with a \$32 million investment.

Another amazing account is that in early March a team prayed in this area again and this time addressed the prostitution problem that has long persisted less than a mile from the Healing Rooms Offices. A business owner had shared with someone who happens to be on our team that a neighboring building had one of the earliest brothels in it and that many of those being trafficked were enslaved. **After forgiving those who sinned and releasing healing a dramatic change has already been noted.** A newspaper article came out last week telling of a new strategy the city used in mid-March to deal with the prostitution resulting in almost all of the prostitutes willingly leaving our city with no harm done to any of them.

There is much, much more happening in our region and city and even beyond, but this article isn't meant to convince you that we are doing something, but that **God is doing**

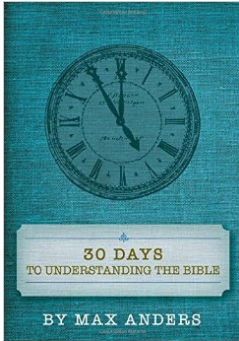

something and that He wants to do it where you live, too. I Corinthians 15:46 says that the spiritual doesn't come

first, but the natural, and after that the spiritual. We are seeing the outcome of God's Kingdom and atmosphere touching our city in the natural. But we are also expectantly looking for the spiritual to manifest with true Holy Spirit revival. **This will result in people being saved and healed and their lives changed.** Great peace and joy will manifest as Jesus Christ receives the reward of His suffering as the earth and all that is in it gives praise to our God and King.

Testimonies...**If God's done it for one, He'll do it for you!**

Pasadena Healing Rooms, Pasadena, California

We prayed for someone who had a brain tumor the size of a small orange. They removed it, and found it to have some cancer cells in it. There were parts of the tumor that were unreachable. When they went back for a second MRI the **surgeon was speechless. He said that he had never seen anything like this in his practice. The unreachable parts of the tumor had disappeared!** We believe this should be the norm and not the exception.

Spokane Healing Rooms

In June of 2014 I was told I had lung cancer. At that moment I knew that I had to go through this, and it would glorify God! I went to the Healing Rooms, and everyone I knew was praying for me. I did have ½ of my right lung removed. The doctor got it all the first time and I had no chemo or other treatment. Three weeks later I had an x-ray and the doctor said he must have gotten my x-ray mixed up with one of his heart patients because I had **no scarring and my lung was perfect. They couldn't see where they had done surgery!**

Healing Rooms in Asia

An elderly woman suffered from **cerebral palsy** for 8 years. She came for prayer to our healing room with paralysis of half of the left side of her body. Her left foot couldn't move smoothly and it was 5 centimeters shorter than her right foot. **After she forgave her nephew and received prayer, her left foot could move and it grew to the same length as her right foot.**

A deaf-mute middle aged woman can now hear and talk after receiving prayer!

Healing Rooms of Santa Maria Valley, Santa Maria, California, USA

Elizabeth writes: I came for prayer for stage 3 breast cancer. The doctors were not sure if I would make it because the cancer had spread to my lymph nodes in my arm. I came (to the Healing Rooms) and I stood in faith (with team members, while receiving prayer). **I believed when we prayed that the cancer would shrivel up and die, and it did!**

Georgia Healing Rooms, Chamblee, Georgia (Atlanta area) **Healed of Nerve Damage from Cancer**

I came to Healing Rooms to continue to receive healing of nerve damage to my left hand and arm caused by a spinal tumor. A recent MRI showed no return of a tumor that had disappeared from my left lung, and no growth of the tumor remaining on my spine.

The prayer ministers prayed for circulation to return to my left hand, which was cold and discolored. As they prayed, then praised God for His mercy, my hand began to shake. **Before our eyes, my hand regained its healthy color and strength was restored to my left arm.** I am praising God for continued healing in my body.
