SPOKANE EVENT SCHEDULE

Is the body of Christ really ready for the future? What does our future look like?

One thing we can all agree upon is that there is an attack against our Christian faith. There seems to be instability in every nation. In the world we have tribulation. A world without God will live in tribulation. Everything that can be shaken is being shaken. Darkness is covering the whole earth. So what's a believer to do with all of this?

The answer is straight forward, do what God tells you to do. In Romans 12:2, it says we will either be conformed to the world or transformed to the Kingdom of God by the renewing of our mind by the Word of God.

In Isaiah 60, we are told what to do when darkness covers the earth, *we are to arise and shine and the Glory of the Lord will shine upon us*. When the world is shaken we will have a truth that makes us free and that truth is that we have a Kingdom inside us that cannot be shaken. *Hebrews 12:28*

If we focus on the world and its condition, we will live in fear. If we focus on God and His

Truth, we will live in faith that overcomes fear. If we are the light of the world, then the darkness will not overcome us, we will overcome darkness.

*Cal Pierce, Director
Healing Rooms*

We are called to bring the light into dark places. The condition of the world should not determine the position of the believer. When the believer is positioned by God, he/she will change the condition of the world. After all, we are mighty in God for the tearing down of strongholds. Remember, the enemy will measure you by how you see yourself. If it is God who is in you, then who can come against you?

No matter what happens in the world, it will not change what happens in the Kingdom of God.

We are in the world, but not of the world.

Stay positioned in the Kingdom of God.

Abiding in Him

Fred and Laura Friend
Latin America Divisional Directors
Mexico National Advisors

We are living in very exciting times yet very difficult at the same time. Exciting times because we are experiencing the signs preceding the coming of our Lord Jesus Christ! Difficult, because we are seeing and even experiencing division, hate, rebellion, decay of society and the destruction of the very core of society: family.

As Christians, better yet, true followers of Jesus, we must maintain ourselves alert, with our antennas up, to avoid being swept by the current of controversy, opposition, injustice and deceit. We must guard our hearts from receiving the spirit of anger, vengeance and gossip. As a true follower of Jesus, we must “Abide” in His Word. John 15, the entire chapter, is what comes to mind, it is one of my favorite chapters of the Bible. In short, this chapter gives us the guidelines for how to follow Jesus and live our lives in righteousness.

I cannot help but get upset when I watch the news. So, I change the TV channel. If there is an issue discussed in the news that causes heaviness in my heart, I pray, bringing it to God. I don't know about you but I am not perfect, even though I am a true follower of Jesus, at least I try, but often come up short at the end of the day. Thanks to God's merciful heart that forgives us (me), time and time again. That is why we must “abide” in His Word constantly. Having it in mind all day long. Applying it to every circumstance we are experiencing during the day, every day, at home, at work, at the market or a gathering, with our spouse, or our children and grandchildren, co-workers or friends, applying it as Jesus did. I cannot do it without God's Word. I must breath it, smell it, be fed with it.

The promises of God given to us in John 15 are amazing once we complete the requisite of “abiding” in Him and His Word “abiding” in us. God promises to grant to us “whatever” we ask of Him. Do you realize what this really means? We become the doers of His will to glorify His Father's Name! When we comply with the requisite, we become His available vessels to execute His power through us! Think about it. This is awesome! How many wrongs can be done right? How many healings can be received? How many miracles can be manifested? How many creative miracles can be executed? If we think about it, it is huge! We can pray and ask about everything and anything, healing, finances, politics, etc. We can change the world if we just “abide”.

I looked up the word “abide” in the American College Dictionary which defines it: to remain; continue; stay: abide with me; to dwell; reside; to continue in certain condition; remain steadfast or faithful.

In closing, I invite you to “abide” in Him and let's change the world!

Let's Sharpen Each Other!

As iron sharpens iron, so a friend sharpens a friend. Proverbs 27:17 NLT

*And let us consider how we may spur one another on toward love and good deeds, not giving up meeting together, as some are in the habit of doing, **but encouraging one another**—and all the more as you see the Day approaching. Hebrews 10:24-25 NIV*

David and Jayne Ann Harder
Cyprus National Advisors
USA Region 14 Contacts
Oklahoma State Directors

I love the ministry of Healing Rooms!

Ever since we first went through Cal's DVD training back in November 2005, my wife, Jayne Ann, and I have loved being involved in the ministry. While we were living as missionaries in Cyprus (2003-2011), we became Healing Rooms National Advisors for that country and had such fun praying for people across the island. On the Turkish, north-side of the island, our team would pray for the physical needs of Turkish Cypriots and the people would often fall down under the power of the Lord. Not understanding what had just happened to them, they would get back up and we'd explain the source of the power—Jesus! It is very easy to explain the Gospel to people who have also experienced God's power.

In 2011 we moved back to the USA and currently serve as regional IAHR representatives for Oklahoma and Texas.

Here are three specific reasons I love Healing Rooms:

Reason #1. I love seeing God's people get excited about being used by the Lord to bring healing, hope and prophetic words of life to people. That's truly what drives and encourages me. It's the reason John G. Lake initially started the Healing Rooms—to train up "Healing Technicians" and release more of God's healing into the world! Reverend Lake had become exhausted after his African missionary experience, despite seeing many mighty miracles. He recognized that more of God's people needed to be trained and released as healing ministers. During our fifth anniversary celebration of Healing Rooms ministry in Cyprus, one of our volunteers said, "It was while ministering to people in the Healing Rooms that my Christian life became activated!" That's what we want—people excited, confident and activated by Christ to bring healing to the hurting!

Reason #2: I love seeing God touch and heal people! It's so fun to see God's hand at work. I remember, just before I started serving with Healing Rooms, telling a fellow ministry leader a story about God's miraculous provision in my life. When I finished the story, I told my friend, "But that was a long time ago." As soon as I started serving with Healing Rooms, I began seeing lots and lots of miracles on a regular basis! If you have been serving as a Healing Rooms minister for any amount of time, you too have collected a number of stories of God's healing power that you will never forget—stories that keep you motivated even during times when you aren't seeing as many.

Reason #3: I love the fellowship of other Healing Rooms ministers! I remember the first time I had the opportunity to visit Spokane in 2011 and attend the IAHR Healing Conference. During lunch I went to the Chili's restaurant, across the street, with some HR leaders that I had just met. Over soup and salad we all started telling stories of what we had seen God do through our Healing Rooms prayer teams. It was amazing! I remember thinking to myself, "This must be what Heaven will be like! We'll have an eternity to tell each other our stories of what our Heavenly Dad did in our lives!" Fellowship is

Continued on page 4

Continued from page 3

so important. As a State, and now a Regional HR leader, I have the wonderful opportunity to talk at many different Healing Rooms. Each one is unique, even as they all use the same IAHR prayer model. It is so fun! Yes, we do discuss challenges, but when we meet together we help each other with our mutual experiences and learn from each other. I am so glad to be with IAHR where we can encourage each other, challenge each other and inspire each other. We all know churches that operate their own “healing room” type ministries. Yes, God can certainly use those, but they miss the opportunity to fellowship, to be inspired and to be “sharpened” by other Healing Rooms ministers.

Don’t give up the meeting together with each other! Maybe you are a little worn out and discouraged even though you know that you are not to “become weary in well doing.” If you are weary, please meet with some other Healing Rooms people! Drive across the state if you have to! You will be inspired and it will help you get your eyes back on the Lord and His call on you and your Healing Rooms ministry.

I recently went to Austin to meet with some Texas HR leaders. It was so fun. We told each other stories. We prayed for each other. We prophesied over each other. We need more of this! Here are a few specific items we discussed at that meeting which might give you some ideas to consider incorporating into your Healing Rooms:

- One HR doesn’t even turn over the prayer information sheet during their pre-prayer time. All that is written on the back is whether the person receiving prayer is a man or a woman.
- One HR in Austin gives an evaluation sheet to each person receiving prayer, so the guest can give immediate feedback on their overall experience, not just a testimony.
- The HR in San Marcos is regularly incorporating teens (ages 15-18) in their Healing Rooms. We need more teenagers involved!
- Some of our Healing Rooms in Oklahoma are in medical centers giving doctors the opportunity to invite their patients to go for prayer.

David along with San Marcos and Austin Texas Healing Rooms Leadership

Let’s not neglect meeting together! We can encourage each other, as Healing Rooms, to more love and good deeds! And we need to do it even more because we know the day of our Lord’s return is coming soon!

Good Communication

Steve and Joan Driessen
Tennessee State Directors

Steve and I became State Directors of Tennessee for Healing Rooms about two years ago. While prayerfully thinking and planning our vision for the state, we felt Healing Rooms Director's meetings was one of the top priorities we needed to focus on. It is important as State Directors to create an environment for our Directors that includes support, prayer, fellowship and encouragement.

We have Director meetings twice a year, one in the spring in Central Tennessee, and one in the fall in Eastern Tennessee. Our meetings are held at one of the Director's homes, or their home Church. All the Directors are notified via email concerning the upcoming meeting, also invited are their Co-Directors. We encourage them to invite anyone they know who may be interested in opening a Healing Room.

Our meetings start at 1:00 pm, and always on a Saturday; we provide a light snack since some drive two or more hours to get there. We start our meetings with a short time of fellowship, getting everyone introduced if there are new people. Steve then gives an update on the state, what is going on in some of the Healing Rooms not represented, and testimonies of miracles we have seen.

Next on the agenda is explaining what we feel God is showing us to expand our vision, what to believe Him for and pray into. We need to be continually growing and expanding spiritually, and we want our Directors to believe God for greater miracles and increase of their faith.

After that we go around the room and each Director gives a brief update of their Healing Room, including the highs and the lows. It's important to allow them to not only give the awesome testimonies of healings or their wins, but also a place to share their frustration or obstacles, and to ask for prayer from people that have gone through some of the same things. As we do this it gives all of us at that meeting a feeling of linking arms with all who are present, and we say to those who may be struggling we love you, we are praying for you, and we are standing with you.

Once everyone is finished we go into a time of prayer, one at a time each Director sits in the middle, and the rest of us gather around and we pray for whatever God lays on our hearts. This has become a very special time for all of us. During this prayer, God meets their needs and everyone feels refreshed and recharged. We try to finish the meeting by 4:00pm, but lately it has been closer to 5:00pm. We then go out to a local restaurant with all those who are able, and have a time of fellowship and a time of bonding with each other. It's so important for our Directors to personally know Steve and me, as well as the other Directors, so they can call, text or email anytime they have a need or want to share what God is doing.

Steve and I, along with our Directors, love our semi-annual meetings, no one wants to miss them. Some of the people faithfully come, even if they have to drive almost three hours to get there, they don't want to wait till it's in their area. It is important as State Directors to be intentional in building teams and Directors, we must communicate through the year whether it's a text, email, or phone call, they need to know we care. We truly believe we are blessed to oversee the state of Tennessee and are excited to see more Healing Rooms established each year.

I always tell our Directors, at each meeting, that we love them, and that we have the best Directors in the U.S.! It's a team effort, but when we, as State Directors, understand the importance of communication, support, love, prayer and fellowship we are helping to build strong Directors and strong Healing Rooms.

And you can tell **your** Directors, you are blessed and honored to be State Directors and that you have the best Directors in the U.S.!

Tiny Marais is the Area 1 Lower Mainland Coordinator in British Columbia Canada. He has experienced a number of open visions over the years and is sharing “Come Up Here” and “Mending a Broken Heart” with us. While they are clearly personal, they are also for the entire body.

We are so blessed to have him share with us. May you be blessed and receive from these visions, too.

Come Up Here

Come up Here come up Here!
Come up and see My Heart.
My heart is on Fire for you.

*(The Lord’s Heart appeared outside His Chest.
Much like the Heart Jesus has in Catholic pictures.)*

See the picture I wear of you on My Heart.
(My face rolled round and round His Heart.)
You are the *only* one on It.
I Wear you on My Heart
Because I Love you.

*(Slapping my hands over my heart I said,
Lord, I must hide my heart because
You are not the only One on my heart.
There is so much stuff!)*

Yes, I Know. *(He Spoke gently and quietly.)*
That is why I have brought you up here:
To take all the stuff away.
Just as you are sensitive
To a hand tickling you,
So I want you to become
Supersensitive to My Voice.

A Note:

*At the start of this vision, we were worshipping the Lord.
King Jesus appeared to me above the stage and He was almost twelve feet tall. He was in a long Royal Robe, with His Crown on His Head. Watching Him with open jaw I heard Him calling me into His Throne Room. His Voice was coming out of Heaven, even though He was still standing above the stage! When I entered His Presence, He now appeared as a Friend, wearing a short white garment and no Crown. He stood with open arms, welcoming me.*

Mending a Broken heart

Friday morning we were worshipping in song. I felt myself in a mass of white. It felt like I was in the center of a very gentle spin dryer with what looked like bed sheets pressing to the sides. My spirit was slowly being sucked upwards in this mass of whirling white. I realized that the white was angels flying with me. I think they did not want me to focus on them but rather on what was happening. Looking up I could see the mass of white opening up above me.

Jesus was sitting on His Throne and called me to climb onto His Lap. He kept on showering His Love into me. I found myself back in the spin dryer of angels then back in His Lap. For a while it seemed as though we were almost playing a game of hide and seek!

Sitting on His Lap again I watched as Jesus took my heart and started sewing the brokenness together.

When He was finished you could still see the scars that had hurt me so deeply. But you could also see the finest stitching holding that heart together. The perfect stitches were almost invisible and anyone could see that this heart was not going to easily break again.

Even so I wondered why the Lord had taken the time and went to such great effort to mend my heart. He could so easily have given me a new heart!

He replied to my question in a gentle voice, "When people see your life they will see what I have done for you and it will give them courage to come to Me!"

When I had this Vision I remembered the vision I had some time back, see page 6. Now I can see why He brought me up to Heaven. He wanted to mend a broken heart!

Thank You Jesus. I Love You, Lord!

The Lord is close to the broken hearted and Saves those who are crushed in spirit. Psalm 34: 18

EUROPEAN HEALING ROOMS CONFERENCE AND RETREAT 2017

Markku and Suzanne Laitinen
North Europe
Divisional Directors

Healing Rooms Ukraine did wonderful work as their team organized the retreat for European National Directors, and key people Feb. 27th - March 4th, near Kiev. It was great to meet participants from different parts of Europe, especially the many East European nations that were represented this time.

We were privileged to have Cal and Michelle Pierce with us, and it was great to hear the bigger international picture as to where Healing Rooms Ministries is going at the moment. God is ready to move in European nations; He loves every nation and His Will is that every nation would be righteous.

Retreats have been a great way to build up a network in Healing Rooms. The European network has become stronger during the last few years, mainly through retreats and conferences (this was our third annual conference and retreat.) These times together have been precious as we work together building friendships! During the retreat we heard a report from every nation - victories, challenges, and needs. We shared our experiences, got new ideas and the whole group blessed participants from every nation. Holy Spirit was moving among us giving words of prophesy.

We want to have one European Leadership Retreat every year. The goal is that it would gather key people from different parts of Europe, as there is a huge need for casting the vision into new nations where Healing Rooms need to have its first steps. Process always starts with building trust among local pastors and getting to know key people in the nation. All three divisional areas in Europe have countries that are taking their first steps in HR Ministries, and they need our help and support, both practical and financial. We hope that we can travel more in the future for trainings, conferences and birthing Healing Rooms in every nation in Europe.

Healing Rooms Europe Conference 2017, March 9th - 11th in Helsinki. We gathered Christians from different churches in Finland and from around Europe.

Cal and his interpreter

The first purpose and goal of the conference was to encourage and equip Christians in every denomination and church to do the good work in order to see the powerful effects of the Gospel even stronger in Finland and Europe (*Mark 16*). God will heal people in a holistic way spiritually, mentally and physically.

The second goal was to strengthen the unity and co-operation of Christians. In this event we celebrated the ministry of Healing Rooms in Finland in the last 10 years. There are at present 33 Healing Rooms in Finland with about 500 team members from different churches.

Cal Pierce was our main speaker, but there was also a strong European voice, as we were privileged to have Paul and Eve Clift (UK), Victor and Antonia Bregger (Switzerland), Maria and Kim Sjögren (Sweden), and Anton Tuul (Estonia) in the conference.

During the conference we got testimonies - many healings were taking place, especially feet. It felt that the Lord was prophetically healing the feet of His body in Europe! It's time to stand up and be His light in every nation. Arise, shine! (*Isaiah 60*)

The meetings were broadcasted by Christian TV channel, TV7. **Healing Rooms of the European Conference meetings can be viewed on this link:** <http://www.tv7.fi/vod/series/57840/>

EUROPEAN HEALING ROOMS RETREAT 2017

Dmytro and Iryna Smorzh
Ukraine National Advisors

Report submitted on behalf of Dima and Iryna by Yuliya Shutenko

On February 27 – March 2, 2017, in the outskirts of Kiev, there took place a retreat of the Directors of the Healing Rooms of Europe. This event was visited by representatives of different European countries (Ukraine, Moldova, Estonia, Latvia, the Czech republic, Finland, Scotland, England, Holland and the countries Uzbekistan and Kazakhstan. A big joy for everyone was the presence at the retreat of the founder and Director of the International Association of Healing Rooms, (IAHR) Cal Pierce, and his wife, Michelle.

Much of the time spent by the participants was dedicated to seeking His Face through worshipping and listening to the Father. Representatives of each country shared the peculiarities, difficulties and joys of the ministry of Healing Rooms in their countries, then all the participants laid hands on everyone and prayed, as well as released the prophetic word from the Lord.

Markku Laitinen, European North Divisional Director remarked that we, as Europeans, have to rise to the higher level of the revelation, to grow in our boldness in the Healing Rooms Ministries in Europe and press in for more. To pray for a wider vision and bigger plans, to fellowship with people who can think on a wide scale and to believe in our own history both on the personal and ministerial level. Because not much is heard of the Christians in the world, while we are called to influence society, it is necessary to come on television and radio, and in the power of the Holy Spirit to preach His Kingdom.

Cal Pierce released a prophetic word about these days when it is important for us to know the fullness of our authority in Jesus Christ, wineskins should be renewed for the new wine. We have to be ready, so that in the years to follow, more light and revelation will come to the Body of Christ – 2017 is the year of growing boldness inside us.

The participants performed a prophetic act – they made a step forward as a sign of crossing the Jordan River into the Promised Land, to the place of the supernatural action of God. Also, during one of the prayers the participants closed the door for the enemy and his attacks putting themselves under the shelter of the Blood of Jesus Christ.

Dmitry and Irina Smorzh, and their team, did their best for the guests to feel at home, starting with home-made pastry during coffee-breaks and unique handmade souvenirs and finishing with the farewell supper accompanied by the jazz group *St. Contrabass Trio*, who performed famous compositions in the gospel style and several Ukrainian folk songs. Everyone highly appreciated the time of the informal fellowship, a mutual spiritual enrichment. Each one perceived the historic and spiritual importance of the event.

This retreat shows that in the future Kiev and Ukraine could become a bridge or a meeting point for West and East, due both to its geography and to the possibility for all those interested to meet.

The Eleventh Hour

Debbie Powell
IAHR Manager

The past year we have been on an amazing journey with God. This is not to say that the past sixteen years haven't been a journey or amazing, but we started to have breakthrough and divine appointments from God beginning last March 9th. We want to share this with you because there are many of you who struggle with finances and wonder: did I hear God correctly? is it my time to close the doors? Over the years I have learned that the answer I receive from God can often be colored by my own thoughts, attitudes and ideas.

Your IAHR team Michèle Pointel, Cathy Hopkins and I often come together and pray for any and all needs concerning IAHR and the Directors. This day (Wednesday, March 9, 2016) started with Michèle seeing a HUGE warrior angel, in all his armor, holding an equally huge treasure chest with spoils from war. I then saw the chest in the center of the Healing Rooms accounting office. When the lid of the chest opened, butterflies came "swarming" out of the chest with a brilliant light. God then revealed what was causing the light: the chest was filled with brand new, shiny, solid gold coins!

Later as the team and staff gathered in a circle for our daily prayer and praise time, we shared the visions we had seen. A comment was made that it seemed a good idea to respond to this and Cal said, "I know how to respond, we'll plant seed." With that, he took money from his wallet and threw it into the middle of the circle. He proceeded to talk about "seed" needing to be planted in good soil in order to produce a harvest. If it is left in the silo it is at risk of being eaten by rodents, or to rot and decay.

Something broke in the spirit realm, and all who were in the circle felt led to throw in money as well. Those who didn't have money on them, threw in jewelry, articles of clothing (scarves), keys, credit cards...just to be a part of what God was doing. The money was gathered up and sent to a ministry that produces good fruit.

The next day during a staff meeting, Cal informed us of the serious financial situation we were facing. We then spent the day in prayer and began to see small breakthroughs: people stopping in to drop off large amounts of cash or checks because God "told them to"; supernatural sales in the Bookstore and Loft; a man, who was homeless and drinking from his bottle came in for prayer after a conversation with our web developer, Bryce, during his prayer walk around the Healing Rooms block. That man returned the next week to let us know that he had stopped drinking, had found an apartment, and got a job, all due to the prayer he had received!

March 12, 2016

The riches of Heaven are in your hand
The riches of God are there for your taking
Enjoy the blessings
Reach for them
Take hold of the Truth – My Truth
All things – **ALL** Provision was released in
the Chest of Treasures – not only finances,
but the signs, wonder, miracles and
healings were in the chest too.
Today marks a new beginning
Today marks a new day of restoration. All

the enemy has stolen has been returned to you. Take hold of it and walk it out now.

RESURRECTION is giving life to all things that have died, decayed, rotten, been destroyed. As a ministry what are those things?

Individually what are those things?

| | |
|---------------|-----------------|
| Relationships | Vision |
| Finances | Dreams |
| Health | Prophetic Words |

NEW LIFE is the birthing of something new. The butterfly does a metamorphosis – the process of Transformation from an immature form to an adult form in two or more distinct stages – a change of the form or nature of a thing or person into a completely different one, by natural or supernatural means

The word above was given to me as I prayed for the ministry and for the visions God gave that day. The word was printed on Spring-colored paper and shared with everyone involved with the Spokane ministry, as we all needed to be a part of what God was doing in us and through us.

Continued on Page 11

Continued from Page 10

The little miracles began to overwhelm us as God continued to show up. A very wealthy man made an appointment with Cal shortly after the Azusa Street celebration. This meeting led to a very generous donation through a businessmen's benevolent group.

It was during this time that different divine appointments began to occur leading to the start up of *Garden's Best*. If you are interested in learning about these divine appointments, Cal Pierce and Cherie Calbom discuss the way *Garden's Best* came into being during the 2016 Summit. You can find the Summit links by logging onto www.healingrooms.com and signing into your IAHR account. Then click on "My Media."

While Healing Rooms Ministries isn't completely financially "out of the woods," God is continuing to open doors that will lead to financial solvency. Cal is continuing to lean into God and go deeper into that intimate place where He is able to mold us and use us even more. Just when one thinks that, "maybe, God wants me to do something else, or close the door, or go a different direction", He taps us on the shoulder and says, "No, look this way" and everything changes.

That is what God did with the visions we had on March 9, 2016. He tapped us on the shoulder and said, "I am still holding this ministry in the palm of My hand. Follow Me."

Resource Department

[You and Me Forever - softcover](#)

B-121-365
\$15.99

In his latest book, Francis Chan and his wife, Lisa, address the question that many couples wonder at the altar: "How do I have a great marriage?"

While we cannot allow lesser things to destroy our marriages, we also cannot allow marriage to distract us from greater things.

A jealous God asks us to pursue Him first and foremost. Then life makes sense, and everything falls into its proper place.

Love, Laughter, and Intimacy were all created to be enjoyed. So there is a way to love family deeply without ignoring Heaven. It all comes down to our focus. Jesus was right. We have it all backwards. The way to have a great marriage is by not focusing on marriage.

Also check out...

[You and Me Forever - study guide](#)

B-177-840
\$15.99

In this workbook companion to *You and Me Forever*, Francis and Lisa challenge us to think differently about some of the most important relationships in our lives.

The way to have a great marriage is by not focusing on marriage. This workbook is meant to help take those powerful truths and translate them into action and changed lives

Whether you are single, dating, or married, this book will help you discover the adventure that you were made for - and learn how to thrive in it.

Testimonies

Outside the box...

Portland, Dorset ENGLAND—Mike and Beverley Robinson, Directors—we visited two ladies in Portland in Dorset who had seen our HRs ad in the local newspaper and rang for help. We did a home visit. The two ladies were being plagued by Mormons repeatedly knocking on their door, and as a consequence became very frightened.

On questioning the two ladies, mother and grown daughter, we discovered that the mother's father had been buried in Portland and was Mormon! The mother actually heard her father speaking to her from the grave saying, " Don't have anything to do with Mormons. Get in touch with Healing Rooms!" Which is why they had become so frightened of the Mormon visitors. It was soon after this experience that the mother saw our Healing Rooms ad and contacted us!

They were both born again, so we were able to pray for peace and clarity regarding her father's warning. Clearly in our view the Holy Spirit touched the dead body and the mother's dad prophesied!

Spokane, Washington USA—I am a part of the Spokane team. The church I attend has home groups where we come together weekly to share God's Word, a meal and pray for needs. A number of times we prayed for a man who is a neighbor of one of our group. One of the diagnosis he was given was for his kidneys. He needed dialysis due to complications from diabetes. During one "over the fence" conversations our group member asked the man how the dialysis was going. The man exclaimed, "I don't need it because of the prayers you prayed for me!" The man isn't a Christian, but he was well aware that the prayers were what healed him. Praising God and expecting more.

Bend, Oregon USA—Valerie Maxwell, Director—We had a wonderful testimony of a woman who was struggling with recurring pneumonia and texted in a request for prayer. One of our prayer team responded with a texted prayer. The following morning we received a text back sharing, "After I read the prayer last night I felt a weight lift off my chest. I slept better last night than I have in days and the crackling in my lung is gone! Praise God! Please share!" Yahoo Jesus! He is not bound by time or distance! He IS that good!

Medford, Oregon USA—Dennis Sanders, Director—On February 20, 2017 Scott Oxford died from an overdose after being clean for 3 years. When his sister found him, she started praying and massaging his chest. A call from mom went to 911. When medics arrived Scott had no heartbeat and was already getting stiff and discolored. On arrival to emergency he still had no heartbeat. Scott's Dad, an Associate Director at the Bend Healing Room, called me right away and I went straight to the hospital. Over the next few days up to 20 people waited to hear about Scott; we organized them into prayer circles. He had surgery to save his leg, and it was a success. He began to respond to voice commands; squeezed a hand (on request) and tried to sit up.

By the 22nd, his kidneys started to show signs that they were beginning to function; at this point he released a couple tablespoons of urine. Yay, Jesus!!! Later that day, Scott's nurse said that he opened his eyes and looked at her. She asked him if he could hear her. To which he nodded, "yes." Then she asked if he was in pain? He shook his head "no." And the day just kept getting better... Scott was now awake and cognitive. He was communicating with hand signals and head nods as the tube was still down his throat.

There seemed to be improvements daily. By March 9th, the leg was working and he could move it, they will stitch up the other side as it is healing very well. The same day he was able to take a walker for a spin. His kidney function continued to improve and by March 21st, they removed the dialysis port. Thank you, Lord!!!

Continued from page 12

Today, March 21st, Scott was released from the hospital to a care facility.

We were seeing a miracle happen. Praise Jesus!!! Even the doctor has admitted **this was** a miracle.

We have put him on every prayer list we could think of, including Facebook and we aren't yet at the finish line; complete restoration of his heart and 105% of his normal brain function. Many have prayed and are continuing to pray for Scott and his miracle.

Please join hands with us as we continue for the completion of Scott's miracle.

Morehead, Kentucky USA—Suzanne Meadows and Betsy Meadows, Directors—We are currently operating our Healing Rooms within the offices of our local pregnancy care center. While this location is a blessing to us and free of charge, we clearly understand that it is a temporary assignment. We feel that the Lord is having us operate in the building of this ministry that promotes life in order to be a blessing to them and to pray for increase in their endeavors. Since their building is in the middle of our town, the Lord has additionally been giving insight into breaking strongholds and releasing His destiny into our community in a greater way. The pregnancy center had some tough issues that needed the Lord's intervention. Since our times of saturating their building and parking lot with intercessory prayer and prophetic declarations, their staff recently reported dramatic breakthrough in those areas. Thank You, Jesus!

We are praying for His provision in the way of a more visible and accessible location for the Healing Rooms when this assignment is ended. We appreciate your prayers for us in this.

Partner ideas...

Recently I talked with a Director about how they encourage people to partner with them. (My apologies, I am unable to remember the Director who gave me this great idea.) It is quite simple: included with the "Healing Packet" is a Partner letter and a self addressed envelope for their donation. They have seen an increase in financial giving and monthly Partners.

The Healing Packet could include -

- Testimony sheet
- Prayer card
- How to Keep your Healing
- The Healing Word

What ideas are working for you?
Would you share them with other Directors to help and encourage them?
Please send your ideas to jahrsec@healingrooms.com

Testimonies...If God's done it for one, He'll do it for you!

Olympia, Washington USA - *Dong Ha Thi Bach* - I came to the Healing Rooms after being diagnosed with Stage 2 liver cancer and was told I was going to die. After prayer at the Healing Room I went back to the Doctor and I was told there was no longer any trace of cancer in my liver. They gave me a copy of their report that shows no lesions could be found. Praise God!

Portland, Dorset ENGLAND - *Mike Robinson* - I had skin cancer on my right hand that was going to need an operation and then a skin graft. I myself spoke to the mountain and so did many others. The lump disappeared and the remarkable thing is that very soon after the disappearance a cross appeared in 'exactly' the place where the cancer had been! Praise God!!!

Bend, Oregon USA - *Steve Philo* - I came for prayer for reversal of heart disease (coronary arteries were 70% blocked in three main arteries.) Bypass surgery could not be considered unless surgery was performed on a "severe stenosis" (medical diagnosis) of the left carotid artery. After prayer I was scheduled for an angiogram on the carotid artery. Results of the angiogram showed only a 40% blockage of the carotid. The doctor said, "It's a miracle!" There is not need for carotid surgery.

Cape Town, Western Cape SOUTH AFRICA - *Christine* - I'm speechless! Last year in May we, as a family, were on holiday in Plettenberg Bay. I lost a pearl earring while fitting on a top in Woolworths. I rushed back the moment I noticed it missing. I looked in the fitting room, asked around, but there was no sign of my missing earring or stud! Yesterday, in Cape Town, I opened a drawer and saw a little box which I seldom look at because it contains miscellaneous goodies, and there before my eyes was my missing pearl earring with the stud attached!!! My earring was sovereignly translated/transported from Plett to Cape Town! God's ways are different from our ways! Thank you, Lord!

SOUTH AFRICA - *Jane* - I arrived at a meeting on crutches and, after prayer, walked and declared that I would NEVER USE THE CRUTCHES AGAIN! A while back, I had been admitted to hospital with pancreatitis, but while in hospital for 5 months, developed a rare disease that dried up the cartilage in both legs, resulting in my being unable to walk. The wife of my orthopaedic surgeon said this was the biggest miracle he had ever seen in all his years of practicing! The cartilage in my legs had dried up and there was NO WAY I would ever be able to walk again. BUT GOD! NEVER GIVE UP HOPE!

Somerset West, Western Cape SOUTH AFRICA - God's presence sovereignly healed a deaf ear, He implanted new cartilage in 2 dysfunctional knees, Jesus put His thumb on Mary's forehead and she felt a tingling from her head passing right down through her body as He moved His thumb and she felt all the pain of her whole life leaving through her feet, He gave a lady a crown of joy after years of depression. This crown was so real on her head that she felt she should lift it a bit and replace it as it was squashing her hair! God lubricated eyes that had been a problem for many years, pain in bodies dissolved away and, for most, life will never be the same again! It was glorious as we experienced an open heaven. Eternally grateful!

Chantilly, Virginia USA - *Bruce* - Christine and I receive great news, her test results came back showing NO TRACE of cancer...Praising Jesus!!!

Burlington, Washington USA - *Vickie* - I gave a friend "Marshall" a prayer cloth from the Healing Rooms in early December 2016. He was diagnosed with pancreatic cancer with bile duct issues. The doctors wanted to do an extreme procedure - Whipple. "Marshall" chose to go an alternate route -

naturopathic. Then due to the pain, he went back to the doctors and Veterans Administration hospital, and they said the cancer had not spread after an MRI. He wanted surgery and scheduled it on 1/26/17. God worked out financial provision with the University of Washington Hospital. After the surgery, the doctors apologized to the patient and his wife as there was No Cancer Found. They removed the deformed bile duct and some sections of the area for biopsy. The doctors and nurses are saying it is amazing. He left the hospital 1 day earlier than expected.

Connie U. - My son was previously a drug addict and kicked it, but then went to alcohol and has been a hard-core alcoholic for years. There have been years of prayer offered up for him by me, and others around me. The Skagit Valley Healing Rooms has a table in the front of the sanctuary for people to put prayer request cards for others they want prayer for. Each day the Healing Rooms are open, members of the team will walk up, pray, and lay hands on all the cards on the table. I got desperate because of the neglect and mental abuse of my grandchildren, so I put a card on the table asking for prayer for my son. The card had been there several months. My son had quit drinking, but I did not know about it until he told me, 3 weeks later. I waited because it was hard for me to believe it would last. When it was 45 days later, I told him how proud I was of him. He said it was not hard at all. He was just making it through each day without much effort. It was then I was told by the Lord that my giving him up and putting him into the hands of the Healing Rooms team to pray was the catalyst that gave him the desire and the ability to keep clean. It has now been 2½ months. I learned that we don't have to be present or be in a room for prayer. It happens at the prayer request table in front also.

NEW ZEALAND - A young woman who came in for prayer had been told she wasn't able to have babies due to cancer and having to have chemotherapy.... after receiving prayer in the Healing Rooms she delivered a beautiful healthy baby 9 months later.

Julie Calvert writes, "I love this testimony! A Buddhist who came into the Healing Rooms, had a vision of this man in white walking towards her; she gave her heart to Jesus and He healed her back - all before she went into prayer room. Amazing Lord!!!"

A man who was a Hari Krishna came into the Healing Room for prayer for healing - Jesus touched his life...Amazing awesome King Jesus the one who heals body, soul, and spirit!!!

CARRYDUFF, NORTH IRELAND - *Karen* - I had contacted you back in September as my doctor had been doubtful that I would be able to have a baby. I came to the Healing Rooms and, after prayer, began my period the next day. I wanted to let you and the praying ladies know that I am pregnant. I am due in June. It's nothing short of a miracle! This baby is a gift from God and His kindness/grace has blown my mind. I have told family/friends this baby is due to prayer. Thank you to the ladies for praying and their faith.

PASADENA, CALIFORNIA, USA - Samuel is an 11 year old who came in for prayer with the diagnosis of promyelocytic leukemia. Before he received prayer, his blood PML-RARA transcript level (September 2016) was 539.476 NCN. The test was run again in February 2017. This time the PML-PARA transcript level was 0.00 NCN. The blood test count for leukemia went from 539.476 to **ZERO**. Our God is an awesome God!!!

Spokane's Event Schedule and Itineraries

| | |
|-----------------|--|
| May 12-13 | Healing Rooms Ministries Training , Spokane, Washington, USA |
